LONDON, Nov. 28 (Associated Press).-The erection of barriers eight feet high, which will exclude the public from Downing and Charles Streets, was begun to-night. Both streets lead from Whitehall to the Foreign and India Offices and the official residences of Premier Lloyd George and Andrew Bonar Law.

The capture during raids in Ireland of Sinn Fein documents alleged to give details of a conspiracy for damaging Governbuildings in England was said today in police circles to be the cause of the erection of the barricades. The barriers are to be of a sub
